

PUBLIC UTILITIES AND WATERWORKS MANAGEMENT INSTITUTE

(In partnership with Utah State University)

Salt Lake City, Utah

January 26 - 30, 2015

The management institute is for anyone in a leadership position. This no-nonsense, five-day course will teach you how to put effective management and supervisory skills to work for you and your organization. You'll learn to make better leadership decisions, communicate more effectively, avoid costly mistakes and get the results you want. Also, with participants coming from all over the country, this is a terrific opportunity to share knowledge of the water industry. Plan on attending yourself or sending other managers and supervisors who would benefit from this superior skills program.

BASIC INSTITUTE TRAINING PROGRAM (DAYS 1 THROUGH 5)

\$499 PER STUDENT

Classes meet each day from 8:00 a.m. to 5:00 p.m.

SECTION 1: Foundations of Leadership. Provides participants with a knowledge of contemporary leadership principles, essential skills and general functions of management and the role of the manager.

SECTION 2: The Leader's Role in Performance Management. Models of communication and giving and receiving feedback. Practice clarifying expectations, establishing standards, rewarding outstanding performance, and correcting unacceptable output while overcoming resistance.

SECTION 3: The Leadership of Change. Designed to help managers fully understand the nature and necessity of change, its impact on people, and how to meet the challenge it presents. Participants learn strategies that help speed up the process and minimize the productivity decline. Emphasis is placed on coaching and leading a team through a complex change situation.

SECTION 4: Managing Conflict. This workshop emphasizes skills needed in purposefully and appropriately managing conflict, understanding and benefiting from emotions, converting mind-body integration principles into powerful tools, recognizing and expanding perceptions, operating from purpose and developing powerful conflict resolution communication methods.

SECTION 5: Collaboration and Teams. Effectively working with others is essential to maintaining a good work environment and efficient operations. How we communicate can either promote an effective team or cause barriers and conflict. This segment will provide training in tools proven to enhance communication skills. It will show participants how to communicate effectively with different personalities, how to diffuse emotional issues, and how to communicate in ways that build confidence and promote cooperation. The strengths and weaknesses of four communication styles will be examined. Practical exercises will be used to help participants learn to communicate more effectively in either a management or staff role.
