

**MANAGEMENT & SUPERVISORY
LEADERSHIP TRAINING PROGRAM**

**Greensboro, NC
February 25 - 27, 2025**

20.0 CEU's toward NC Water/Wastewater Operator Licenses

The Advanced Course is a series of skill-building days designed to help understand management's changing role in today's business climate. Leadership principles and challenges will be discussed; individual and team exercises will support specific skill training; discussions of the future of management and organizations will be central to the learning experience.

The three day course includes:

Section 1 - The Art of Leadership. Provides participants with knowledge of contemporary leadership principles, essential skills and general functions of management and the role of the manager.

Section 2 - The Leader's Role in Performance Management. Provides models of communication and giving and receiving feedback. Offers opportunities to practice clarifying expectations, establishing standards, rewarding outstanding performance, and correcting unacceptable output while overcoming resistance.

Section 3 - The Leadership of Change. Designed to help managers fully understand the nature and necessity of change, its impact on people, and how to meet the challenge it presents. Participants learn strategies that help speed up the process and minimize the productivity decline. Emphasis is placed on coaching and leading a team through a complex change situation.

Section 4 - Managing Conflict. This workshop emphasizes skills needed in purposely and appropriately managing conflict, understanding and benefiting from emotions, converting mind-body integration principles into powerful tools, recognizing and expanding perceptions, operating from purpose and developing powerful conflict resolution communication methods.

Section 5 – Collaboration and Teams. Effectively working with others is essential to maintaining a good work environment and efficient operations. How we communicate can either promote an effective team or cause barriers and conflict. This segment will provide training in tools proven to enhance communication skills. It will show participants how to communicate effectively with different personalities, diffuse emotional issues, and communicate in ways that build confidence and promote cooperation. The strengths and weaknesses of four communication styles will be examined. Practical exercises will be used to help participants learn to communicate more effectively in either a management or staff role.

Fees, Location & Registration Form

Fee: The fee for the three day course is \$549.00, which includes all instruction, workbook, and handout materials.

Certification: Attendees will receive a certificate of completion (20.0 CEU's) for successfully completing the required course objectives. This certificate is prepared and presented by the Public Utilities & Waterworks Management Institute.

*Optional higher education certification (with academic CEU's) is also available for those who need this to meet job or organizational requirements. Any individual desiring to receive the higher education certificate may do so by paying an additional \$50 fee.
